### 為40多名貧老維修家居 聖雅各急待援手善款支持

在氣暖只有十度的星期日早上，聖雅各福群會「家居維修服務」一行10名義工日前到來長洲信義山一所超過40年的石屋進行家居改善工程，為獨居無依的陳婆婆更換全屋電線及電制箱。

陳婆婆75歲未婚，靠綜援維生，早年在長洲做文員工作，性格內向，家住信義山頂的信義村已23年，「在初入住時已覺電線殘舊，又沒有漏電斷路制；但因收入低微，沒有足夠錢來更換，廿多年來一直忍受著，但內心仍怕會發生危害。」陳婆婆嘆道。

「這裡位處空曠，冬天大風時溫度往往比山下低幾度，多年前找人安裝了一個舊款熱水爐，以為可以有熱水洗澡，怎知電力負荷不夠，險些發生意外，從此也不敢再用這熱水爐了。」

義工為陳婆婆更新全屋電線、重新加裝燈製及插座後，不但令全屋頓時變得使她可安居，而且更可提供合乎安全標準的足夠電力供應，以負荷熱水爐之電力要求；而聖雅各福群會「電器贈長者」計劃，亦為陳婆婆添置新的熱水爐。婆婆開心地說：「終於有熱水沖涼了！」

由於廁所設於屋外，義工特定在屋外加裝一支防水照明光管，令陳婆婆晚上往屋外如廁時，提供足夠照明，免她晚上摸黑出外，婆婆對義工的窩心關心表示十分欣賞。

忙了一個週日，工程終於完成了，陳婆婆對義工的幫忙十分感激，在冷風細雨下站在門外不斷表示多謝，直到義工遠去。

聖雅各福群會之「家居維修服務」，現正為離島及偏遠地區共40多名無依獨老進行服務，包括於殘破而有漏電危險之居所，更換全屋之「陳年」電線、改善用電裝施、安裝照明、扶手、維修電器及門窗等，以消除匱乏老者的家居陷阱及改善家居環境。如你是持牌電工或三行師傅，或希望對服務施善贊助經費者，請與該會聯絡。電話：2835-4321或8107-8324。

## 40 Poor Elderly Awaits Your Home Maintenance Support

In a Sunday morning with the thermo at 10°C, a group of 10 volunteer workers on SJS Elderly Home Maintenance Program went out to a 40 years old stone structure at Shunyi Hill, Cheungchau on home improvement. They completely replaced and rewired the electrical wiring and circuit breaker for old lady Chan who lives there alone.

Old lady Chan is a 75 years old spinster living on CSSA. She was a clerical worker in Cheungchau when she was young, an introvert and has been living in Shunyi Village, at Shunyi Hill top for 23 years. "When I first moved in, the electrical wiring was already old and without leak circuit breakers. My income was low and did not have enough money to replace them. I have tolerated with in fear for over twenty years that accident could happen any time," sighed old lady Chan.

"The location is wide in the open, and often the temperature here is several degrees below that at the bottom of the hill on a windy day in winter. Years ago, I got someone to install an old type water heater for shower without knowing that there was insufficient power loading and almost caused a disaster and since then I dared not use the water heater again."

The volunteer workers completely rewired the electrical wiring in her house, installed new switches for lighting and sockets to ensure safe living and enough loading for a new water heater given to her under SJS Electrical Appliance for the Elderly Program. Old lady Chan said happily, "Finally, I can enjoy a hot shower!"

As the toilet is outside the house, our volunteer workers installed an extra waterproof fluorescence tube outside the house so she does not have to go to the toilet in the dark at night and she is extremely appreciative of the good work and consideration of our volunteer workers.

After busily working one whole Sunday and with the job done, old lady Chan waved goodbye standing in cold and drizzle to our volunteer worker until they were gone.

「上一期電費單獲聖雅各福群會資助\$582，多少都可以減輕我們的經濟壓力。」每月全家三人共接受\$9,000多元綜緩金的翁太說：「扣除勝仔的醫療費\$1,000及主要食糧奶粉的\$2,000後，所剩無幾還要交租金\$1,400、水電煤\$800後，每月只有三千多元用作三人的食用、他的哥哥的上學的雜費及交通費。」
